

"My daughter has gone from the bottom class in school to higher maths with Dan. I don't even have to remind her of her lesson, she's eagerly waiting. Fantastic find, thank you Dan and Emma."

Parent S

IGCSE/GCSE Foundation and Higher LIVE Online Courses

IGCSE/GCSE Foundation 1 Year – 1-hour tuition per week £350

IGCSE/GCSE Foundation 2 Years – 30-minute tuition per week £350

IGCSE/GCSE Higher 1 Year – 1-hour tuition per week £350

IGCSE/GCSE Higher 2 Years – 30-minute tuition per week £350

Each course runs for 38 weeks per year from September to June (1 or 2 years), with the final few weeks of the course before your exam covering revision. (Exam not included)

We are happy to discuss this with you to help you decide which group your child would benefit the most from.

All courses include:

- Tutor led course
- Weekly online group tuition (max. 7 students per group using Zoom)
- Weekly tuition sessions are recorded and available on your child's account for them to watch as many times as they need.
- Printable worksheets relating to the online session with the option of inputting your answers online for an immediate response or using your separate parent account to access answers and term dates
- 3 weekly drop-in sessions where children can speak to Dan 1 to 1 about any topic's they are unsure of.
- A certificate at the end of the course to say they have participated.

- Extra booster sessions during exam season
- Full support – we are available by email or Facebook at any time and aim to respond asap.

Time slots will be available on a Monday, Tuesday, Wednesday and Thursday depending on chosen course and availability with the 3 drop in sessions throughout the week.

All worksheets and online tests will be available on their account on a Monday morning.

As home educators ourselves, we know how expensive it can be, so we have tried to put together plenty of payment options for people to choose from:

Live Courses - £350 per course

Option 1 – £350 full payment.

Option 2 – Deposit of £175 followed by £175 paid in December.

Option 3 – Deposit of £87.50 followed by 3 payments of £87.50 in September, December and March.

Option 4 – Deposit £50 followed by 6 payments of £50 in September, October, November, December, January and February.

Option 5 – Deposit of £80 followed by 9 payments of £30 in September, October, November, December, January, February, March, April and May.

My son loves your Maths lessons! It's the highlight of his week having a video call with Dan and the group... and that's not because we live a dull life or anything! He has developed so much in just a few months, and is understanding difficult concepts. He is even showing his working out! I can't tell you what an achievement that is! He has always loved Maths but this has brought him on so much. Parent F
