

## **KS3 Mathematics Distance Learning LIVE Courses – Small Groups**

**KS3 Mathematics – KS3 Lower – 1 Year (ability level Year 7/Year 8)**

£395 – 1 hour tuition per week/36 weeks

**KS3 Mathematics – KS3 Higher – 1 Year (ability level Year 9)**

£395 – 1 hour tuition per week/36 weeks

We are happy to discuss this with you to help you decide which group your child would benefit the most from.

All courses include:

- ❖ Tutor led course.
- ❖ Weekly online/zoom group tuition with a maximum of 7 students per group.
- ❖ Sessions are recorded (with only tutor's voice) and available on your child's account for them to watch as many times as they need.
- ❖ Printable worksheets relating to the online session with the option of inputting your answers online for automatic marking (answers can also be found on the parent hub).
- ❖ Weekly zoom drop-in sessions (just turn up to as many as you need) where children can speak to Dan, 1 to 1, about any topics/questions they are unsure of.
- ❖ A participation certificate at the end of the full course.
- ❖ Full tutor support – we are available by email or Facebook at any time and aim to respond asap.

All worksheets and online tests will be available on their learning hubs on a Monday with recorded sessions uploaded by the evening.

As home educators ourselves, we know how expensive it can be, so we have tried to put together plenty of payment options for people to choose from:

**Small Group Live Courses - £395 per course**

Option 1 – £395 full payment.

Option 2 – Deposit of £200 followed by a payment of £195 in January.

Option 3 – Deposit of £155 followed by 2 payments of £120 in October and February.

Option 4 – Deposit of £95 followed by 4 payments of £75 in September, November, January and March.

Option 5 – Deposit of £80 followed by 7 payments of £45 in September, October, November, December, January, February and March

Option 6 – Deposit of £80 followed by 9 payments of £35 in September, October, November, December, January, February, March, April and May.

Option 7 – Deposit of £39.50 followed by 9 payments of £39.50 in September, October, November, December, January, February, March, April and May.

We are happy to discuss any of these payment options in more detail with you.

**DISCOUNTS: £50 reduction from total cost per additional sibling added to any course or per additional course purchased within the same academic year.**

Dan has been amazing in helping my daughter become enthusiastic about Maths. The progress she has made is amazing and we will be using Dan as her tutor all the way through GCSEs, even thinking about Statistics as well. From a child who used to hate maths to thinking about an extra maths qualification speaks volumes about how good Dan is as a tutor. Emma is also amazing, always answers your questions and is so friendly. **Parent G**

## **KS3 Mathematics Distance Learning LIVE Courses – Large Groups**

### **KS3 Mathematics – KS3 Lower – 1 Year (ability level Year 7/Year 8)**

£345 – 1 hour tuition per week/36 weeks

We are happy to discuss any of these payment options in more detail with you.

**DISCOUNTS: £50 reduction from total cost per additional sibling added to any course or per additional course purchased within the same academic year.**

We started our home-schooling journey after my son not participating in school lessons at all! We home educate and we have found Dan / Absolute maths. Dan's lessons are inclusive, and my son will happily sit there participate in the lessons and one to one drop ins and he has a new sense of direction for maths! We are so thankful to have found you! *Parent K*

We are happy to discuss any of these payment options in more detail with you.

**DISCOUNTS: £50 reduction from total cost per additional sibling added to any course or per additional course purchased within the same academic year.**

Sam has always enjoyed Maths, and this has definitely continued if not increased during his lessons with Dan. They are clear and inclusive, and Dan always comes across as caring and encouraging. As a parent it's great Emma is really accommodating and quick to answer your questions. Probably the best home education investment we've made. **Parent N**
