

Please note that this information leaflet includes our new course prices.

We have an early bird offer running – book your course before 1<sup>st</sup> May 2026 and you will pay the current prices which are £295 for a recorded course and £395 for a live, small group course.

We have similar payment options available.

## KS3 Mathematics Distance Learning LIVE Courses – Small Groups

**KS3 Mathematics – KS3 Lower – 1 Year (ability level Year 7/Year 8)**

£415 – 1 hour tuition per week/36 weeks

**KS3 Mathematics – KS3 Higher – 1 Year (ability level Year 9)**

£415 – 1 hour tuition per week/36 weeks

We are happy to discuss this with you to help you decide which group your child would benefit the most from.

All courses include:

- ❖ Tutor led course.
- ❖ Weekly online/zoom group tuition with a maximum of 7 students per group.
- ❖ Sessions are recorded (with only tutor's voice) and available on your child's account for them to watch as many times as they need.
- ❖ Printable worksheets relating to the online session with the option of inputting your answers online for automatic marking (answers can also be found on the parent hub).
- ❖ Weekly zoom drop-in sessions (just turn up to as many as you need) where children can speak to Dan, 1 to 1, about any topics/questions they are unsure of.
- ❖ An emailed participation certificate at the end of the full course if wanted.
- ❖ Full tutor support – we are available by email or Facebook at any time and aim to respond asap.

All worksheets and online tests will be available on their learning hubs on a Monday with recorded sessions uploaded by the evening.

As home educators ourselves, we know how expensive it can be, so we have tried to put together plenty of payment options for people to choose from:

**Small Group Live Courses - £415 per course**

Option 1 – £415 full payment.

Option 2 – Deposit of £215 followed by a payment of £200 in January.

Option 3 – Deposit of £155 followed by 2 payments of £130 in October and February.

Option 4 – Deposit of £95 followed by 4 payments of £80 in September, November, January and March.

Option 5 – Deposit of £79 followed by 7 payments of £48 in September, October, November, December, January, February and March

Option 6 – Deposit of £41.50 followed by 9 payments of £41.50 in September, October, November, December, January, February, March, April and May.

We are happy to discuss any of these payment options in more detail with you.

**DISCOUNTS: £50 reduction from total cost per additional sibling added to any course or per additional course purchased within the same academic year.**

Our daughter has been with Absolute Maths since KS3, and this year will be entering her IGCSE. I cannot fault the tutoring that Dan has provided – it's a privilege hearing him teach. He's calm, patient, reassuring and the children are never rushed. The additional drop-in sessions that are held during the week have also been really useful. This to me always feels like such a kind thing to offer the children as they know extra support is available if they need it.

From our daughter (age 14) – 'Dan is a brilliant tutor who creates engaging lessons and gives us all the support we need – I couldn't ask for a better tutor'.

Emma, his lovely wife, who deals with all the admin, banking, invoicing (and all the other things in life that women deal with) is incredibly organised. Any query that I have ever had (usually because I'm not looking in the right place) is dealt with kindly, quickly and efficiently. Again, she is faultless.

Honestly, you couldn't ask for a better, family focused company to be tutoring your child(ren) and for Dan and Emma to take them on their Maths journey. **Parent JM**

We are happy to discuss any of these payment options in more detail with you.

**DISCOUNTS: £50 reduction from total cost per additional sibling added to any course or per additional course purchased within the same academic year.**

Dan is an excellent tutor. My child has benefitted greatly from his patient, kind and knowledgeable tuition in both weekly online classes and regular drop-in sessions (super convenient for an extra boost when needed). We are very lucky to have found Absolute Maths. Thank you, Dan and Emma. **Parent LB**

## KS3 Mathematics Distance Learning Courses

### RECORDED – ANYTIME START

**KS3 Mathematics – KS3 Lower – 1 Year (ability level Year 7/Year 8)**

£315 – 1 hour recorded tuition per week/36 weeks
